

# Mykell McSwain

Software Developer

239-980-6046 | [kaishiguiofficial@gmail.com](mailto:kaishiguiofficial@gmail.com) | [github.com/kaishigui](https://github.com/kaishigui) | [linkedin.com/in/kaishigui](https://linkedin.com/in/kaishigui)

## Technical Skills

---

Languages	JavaScript, Python, Typescript, HTML5, CSS3
Libraries/Frameworks	React.js, Express.js, Next.js, Git, Node.js, Babel, Bootstrap, TailwindCSS, Redux,
Databases	MongoDB, Firebase, AWS
Tools	VSCode, Heroku, Linux, Adobe Creative

## Experience

---

*Personal Website* [github.com/kaishigui/portfolio.git](https://github.com/kaishigui/portfolio.git)

- Created a modern web portfolio using Next.js, Flex-box, and Node.js to showcase my projects.
- Used TailwindCSS, React-Icons and JSX to add responsiveness and modern styling.
- React Router and SSR are used to add navigation for the web app and to optimize performance.

*Spotify Clone* [github.com/kaishigui/spotify.git](https://github.com/kaishigui/spotify.git)

- Built a Front-End React Application using React, Redux, Nodejs and Spotify API.
- Involved authentication and a user interface using Google Firebase to create unique playlists.
- Created a responsive layout and music player using CSS tools such as Flexbox, Material-UI

*Netflix Clone* [github.com/kaishigui/netflix-clone.git](https://github.com/kaishigui/netflix-clone.git)

- Built a Responsive React Application using React, Redux, Nodejs and Netflix API.
- Implemented use of Axios, Async, ES7, and React-Router to aid in construction of application.
- Implemented creative CSS skills to create responsive movie banners with detailed descriptions.

## Education

---

Florida Gulf Coast University *Fort Myers, FL*  
Majoring in Software Engineering. *Fall 2022*

- Web Developer of the Eagle E-Sports Organization
- Head of Web Design Department of Eagle Nest Game Design
